Bringing Everyone to Sahome!

The spirit of Sahome unfolds within each of us as we appreciate each life to be of infinite value. Sahome is that idiom we use, which speaks of love and compassion for one another.

Sahome is sanctity of heart, goodness of heart, and mutual gentle *helpfulness* within the heart. Sahome is character building because it directs us toward mutual love, mutual honor and mutual mercy. Sahome increases our humanity with a healthy socialization that works for everyone's best good and benefit. Sahome becomes a practice in fulfilling life's fullness for all. By creating a social climate that gives everyone a way forward, Sahome honors everyone no matter one's race, ethnicity, religion or creed. Sahome unites us all together as a *common denominator* towards the common good through the pursuit *of* the greater good *for* all. Sahome is our collective pursuit towards moral maturity. Sahome celebrates the Devine Nature within every person and undergirds it.

The object of our hope is the fullest realization of human potential. We wish everyone to fulfill the measure of their creation and have joy therein. Therein lies all best tomorrows on the radiant-level of life. Mastering this radiance-level of life is what Sahome is all about. As we improve together, we prosper and flourish in a commiseration which buoys us up for each new challenge and leads us ever closer to expressing our fullest potential to receive happiness. Building upon that combined virtue of nurturing kindness and love, found potentially within every human heart, we can ride into the sunset together forever.

We invite everyone everywhere to join with us *all* in Sahome ~
Coming together to move forward together!

This is the practice

Sahome

Here's how we share Sahome
With all People:

- *build upon everyone's strengths and generosity
- *spread universal tolerance and goodwill
- *share a stewardship of helpfulness and kindness
- *be an emissary of peace and vision

This is the practice of Sahome

To be one in Love, Mercy and Honor

This can be accomplished when we encourage and help all to fulfill the perfect pattern which is to complete the destiny that God, our Beloved Father, has invested in every soul: to eventually become fully completed after his image and likeness. Then we delight over and share in one another's joy and accomplishments with pleasure and satisfaction, helping all to become their full-soul selves. Then we work for everyone's best outcomes and best good and benefit. Then we assist everyone to realize all of the righteous desires of the heart.

Then we live the Zeal of Zion which is:

"I supplicate to your best good and benefit.

Use me to your best good and benefit.

I am grateful for all that you are;

All that you have accomplished for goodness; and

All that we might share together in righteousness!"

This is why Sahome was created—

To be a canopy under which we could all co-exist, regardless of religious, racial, or ethnic affiliation, and feel a sense of totality, belonging, and oneness in the pursuit of all truth and righteousness. Because we have a right to digest all truth—It does not matter whether we are Muslim, Buddhist, Hindu or are from the Judeo-Christian perspective or have no set formed faith path at all... under this canopy of Sahome we can all gather together and unite in love one for another and share compassion with heart, might, mind, and strength...

Therefore

Sahome teaches and encourages us all to live the main moral organizing emphasis of life, which is = moral courtesy and moral courage, friendly honor and humility, modesty and moderation, no tyranny, full participation, and profound reverence and respect for everyone.

We thereby become one and remain one.

Jesus said: If ye are not one, ye are not mine!

Sahome Belongs to Everyone!

Each life is of infinite value!
End strife through the love of life.

"I help thee and thee help me and we ascend together."

Each person can become a way forward.

Implement goodness and helpfulness by gentleness and kindness.
We are redeemed by goodness and kindness.
Usefulness and helpfulness builds a better life for everyone!

Helpfulness gives civility longevity.

We are all mutually esteemed by recognizing one another's generosity and thoughtfulness each and every day.

Though we each have our own failings, inadequacies and frailties; together we share great strength.

Sharing dignity, integrity and solemnity is how we best protect everyone's destiny!
On our own doesn't mean we're alone.
Only when we live better together will we keep ourselves from being lonely.

We are limitless beings and we carry light and we give out light.

Embrace Grace!!

Sharing and caring honors our best bearing.
Compassion with collaboration shapes up to be life's best celebration . . . a connection most dear.

Celebrate the victories of virtue.

Preparation fosters activation and origination.
The will to be victorious has little meaning without the will to prepare.
The work of the world is accomplished in specifics.
The making of a "to-do today" list helps every day become a *Due Day*.

The feat is to avoid self-conceit, self-deceit, self-defeat.
To "botch it" is to not watch out for one another.

Build effort upon effort to maximize our mutual well being and mutual devotion.
Gratitude is at the heart of the matter. Let gratitude be our fortitude.

Exude Fortitude!

Humility is one of the highest forms of intelligence.
Spreading beauty is a humble strategy for survival.

Sahome Sentinels

Agression leads to transgression.
Conflict constricts us.
Impertinence breeds reluctance.

Compliance breeds reliance.

"To be or not to be, that is the question." — William Shakespeare

Much of our future depends on how well we morally mature.
This is our great adventure!

The easy way out may cause a sad turn about.
Ramshackle is a shackle.
Each new habit we take on will become our master.

Any plunder, uncorrected, will take us asunder; steals the wonder.
Violation = Consternation = Humiliation = Devastation = Ruination
Inflict not. Infringe not.

This world is designed to show us our weakness and it is not a pretty picture.

If from travail, we learn to prevail, we have learned a lot in this world.
"As long as we make right choices we will progress!"

Insight comes from striving for right.

Great purpose requires both worthiness and worthwhileness.

Each life is to go from blighted to delighted. Delight and right are best friends to the best ends.

*Spiritual apathy retards our empathy.
Recommend what we can commend.*

Work for readiness and steadiness to end laziness, vindictiveness, callousness, timidity!

Do the discipline within. Individual progress is individual.

"Waste not, want not."

The insidious thing about using drugs and alcohol is that they destroy our power of concentration.
Being destructive is unimaginative and insensitive.

"Refuse to lose." Go from 'out of whack' to being on track.

*'There is the seed in every setback and every reverse of a future,
forthcoming greater victory!'
'The lessons of life are learned against resistance.'
'Only the soul who knows the mighty grief, can fathom the mighty rapture.'*

Eventually everyone needs to bow to both wisdom and virtue; they are our common future.

"DUTY DOES THINGS WELL, BUT LOVE DOES THINGS BEAUTIFULLY."
Our job, through Sahome, is to build people up and help them up by word and deed. Through the Spirit of Sahome, we will succeed!

Our Common Defense

When we avoid the turbulence of conflict and its poverty through providing relief and making “The Case For Grace” —

and

When we all work to bring the whole Earth back from the brink of the unthinkable —

and

Put us all in the pink of the unsinkable —

through

Our Defense {

- *Mutual Reliance*
- *Mutual Compliance*
- *Mutual Dialogue*
- *Mutual Acceptance*
- *Mutual Deliverance*

We are, then, able to seize the moment of opportunity and turn pejoratives into greater alternatives. We’re bringing ourselves forward into transformation. (P.S. Our mutual best totality does not mean uniformity, but it does mean transformity!)

Elevation is Our Emancipation!

Sahome contributes to our common defense because of what it stands for:

- ❖ *Each one of us Contains a Reach for the Devine Nature, the Devine Consciousness, the Devine Plan.*
- ❖ *Each Hope Begins with a way to Cope.*
- ❖ *Each Solution Requires Innovation and Reclamation of the Status Quo.*
- ❖ *Each Life is of Infinite Value and of Infinite Potential.*

*May we each build upon one another’s vital intrinsic worth!
May we all help one another’s best outcomes to come true!*
